Legal Expense for Insurance Audits

Standard Professional Liability Insurance policies typically do not include coverage for the costs associated with insurance audits or investigations. This insurance covers legal costs associated with having to respond to an investigation, inquiry or audit from an insurance company or benefit provider.

Commercial General Liability Insurance

Commercial General Liability (CGL) protects against claims arising from injury or property damage that you or your business may cause to another person as a result of your operations and/or premises. For example, a client may slip and fall on a wet floor in your office, or you may cause property damage to a client's home during a consultation.

It's recommended if you contract your services or bill under your business name, or if you own or operate a business.
